## FRENCH CHAMPION TO RACE NASCAR TOYOTA ALLSTAR SHOWDOWN

Lucas Lasserre is the 2010 Champion of the RACECAR Euro Series. These FIA European Stock car series compete exclusively on road courses in cars based on NASCAR stock car. This is the second year these series offer his Champion to compete the Showdown and discover NASCAR racing.

*"This is a great prize for our Champion, says Jerome Galpin creator and manager of the RACECAR Euro Series, and a great opportunity to discover NASCAR racing and face the best drivers of short track racing. This is also a huge challenge to ride an oval track for the very first time and qualify for the big show !! But Lucas has all tools to earn his spot on the starting grid. The RACECAR Euro Series are very proud to enter a car in the Showdown and thanks NASCAR for this opportunity."*

Lasserre has completed two seasons in RACECAR Euro Series and is the most successful driver, finishing 2<sup>nd</sup> of the 2009 inaugural season and winning the Championship in 2010. He will race the Fadden Racing car that won the 2010 Toyota Allstar Showdown with Joey Logano. Mike Olsen and his team will support Lasserre in one of the most difficult challenge of his career.

*"I have raced a lot of different race cars : open wheels, GT's ... but stock cars are definitely the most exciting ones. Lasserre says, I have a lot to discover : oval racing, our team, my car... but I'm confident we can qualify and have a good result. I know we have a very good team with Fadden Racing and Mike Olsen will help me a lot for this first race on an oval track. I want to thanks NASCAR and RACECAR Euro Series to give me this opportunity"*
